- Issue this form to a student who was 16 years of age or older before the end of the year to certify eligibility for the tuition, education, and textbook amounts for courses at a Canadian flying school or club certified by the Minister of Human Resources and Social Development.
- Tuition fees must be more than \$100. Claims for private licence instruction will only be considered if claimed with tuition fees for a commercial-level course or certified as in pursuit of an occupational skill.
- You can claim a **full-time education amount** if you were enrolled in a qualifying educational program as a full-time student. Such a program lasts at least 3 consecutive weeks and requires a minimum of 10 hours of course instruction or work each week in the program (excluding study time). You can claim a **part-time education amount** if you were enrolled in a specified educational program. Such a program lasts at least 3 consecutive weeks and requires a minimum of 12 hours of course instruction each month in the program.
- Eligible tuition fees include the cost of dual and solo flying hours under direction or supervision that are required to obtain applicable licences or ratings and are an integral part of a course of study, up to the minimum flight training requirements of Transport Canada. Eligible tuition fees do **not** include costs or other fees incurred that relate to the use of an aircraft to get flying experience over and above the minimum hours required to obtain your rating or licence.
